

TALENT TRAILS – Seeks to create safe, inviting walking paths in and around Talent.

Trail volunteers plan, promote and build new trails and maintain existing ones.

Work parties spread chips, trim back trail sides and plant trees. Recent efforts include building and helping maintain a trail beside Wagner Creek from Highway 99 to Talent Avenue and clearing a roadside walking path along Rapp Road from the railroad tracks to the bridge over Wagner Creek. A new trail is proposed to connect the two ends of Madison Road.
