The City Manager informed the City Council that staff has integrated new information into the 2023-24 Goals, Priorities, and Action Plan, resulting in a total of 17 goals and 73 action items. The City Manager recommends scheduling an additional workshop to further refine this plan within the Budget process. Additionally, the City Manager has collaborated with the Finance Director to review the draft 2024-25 budget and future revenue projections, in preparation for the first Budget Committee meeting on May 1. The Management Team has assessed that the City cannot sustain its current service levels or pursue many of its goals and programs, given the current revenue base and the significant impact of inflation on expenditures.

The City Manager identified the top 3 citywide goals and discussed them with the council.
